

THE REAL WROUGHT IRON COMPANY

Genuine Puddled Wrought iron Guide Prices

as at 16th November 2016

The Wrought iron we supply is re-rolled from existing puddled wrought iron. We do not puddle the wrought iron itself.

Please Note all measurements are in inches (1inch=25.4mm).

Our costs are quoted in Pounds Sterling - £, payment is to be made in Sterling.

The sections quoted below are a selection of sizes, others are available on request.

Telephone +44 (0)1347 833173. – email: enquiry@realwroughtiron.com

The Real Wrought Iron Company is a sister company of TOPP & Co.

Notes:

- Plate and handrails – please email us with your enquiry.
- Goods are on a proforma invoice – payment before delivery.
- Iron order is subject to Billet Stocks, please note we will try and deliver in the lengths you require, but it may not be possible due to the size of the input billet, please allow time for possibly having to fire weld some sections to get your required lengths.
- Our normal bar lengths are around 8ft – 10ft
- Delivery - is running at around 4 / 6 weeks at the present time for non stock items. We normally roll on third week of the month, the cut off is previous MONDAY; delivery is normally the fourth week or week one of the next month.
- For UK deliveries we mainly use the Palletways network for deliveries, this is a 'kerbside service'; you will need to assist with the off-loading of your order. At the time of placing your order we will need to know if you have a forklift to assist with the off-loading process, if not your order will need to be cut from the pallet and manually off loaded. If for any reason a delivery via the Palletways network will not work for you, please notify us immediately and we will price the delivery via an alternative courier service.
- For overseas deliveries – please email for a quote, we will need your full delivery address with the postcode/zip code, we also need to know if the address is a residential property or a business address.

Terms and Conditions:

1. Specification: With works relating to wrought iron, as no BS currently exists, our standard specification will be the basis of our quotation for the works.
2. Delivery times: We will endeavour to despatch your order within the time scale discussed at the time of your order is placed. We will advise you of any further delays. Delivery - is running at 3 to 4 weeks at the present time.
3. Iron order is subject to Billet Stocks, please note we will try and deliver in the lengths you require, but it may not be possible due to the size of the input billet, please allow time for possibly having to fire weld some sections to get your required lengths.
4. Lengths: We sell by the foot –imperial 12 inches. We will endeavour to match with your required lengths, on some occasions you might need to fire-weld to obtain your required length.
5. Tolerances: + or – 1mm on standard sections of flats, squares and rounds. Tolerances for special sections should be agreed when quoting.
6. Mill Straight: We produce Wrought iron that is 'mill straight' on some projects, you might need to straighten the lengths to suit your requirements.
7. Surface flaws: Surface marks, flakes and scale are inherent in the rolling process and should be allowed for as part of the character of wrought iron.
8. Wrought Iron is a material that needs to be used by skilled craftsmen; caution should be used in its use. We do not recommend wrought iron be used for structural projects.
9. This quote is valid for 30 days from the date on the email, fax or telephone conversation.
10. We reserve the right to increase our prices with prior notice.
11. Payment for Wrought Iron is by a Pro-forma invoice. If terms are agreed and items are invoiced they are due for payment 30 days after the date of issue. We reserve the right to charge interest at 3% above the Bank of England's base rate on outstanding balances of more than 31 days.
12. ***Our Costs are quoted in Pounds Sterling - £, payment is to be made in Sterling.***
13. Delivery is on receipt of cleared bank funds.
14. In the event of a payment and or contract dispute, we right to charge for storage of goods/property from the date the dispute was first advised to you.
15. VAT and Carriage: Is not included within the costs outlined in our quote, they are quoted separately.
16. Carriage is not included. If required we will arrange for a National Carrier to deliver to you and the charges will be passed on.
17. Contractual Terms: This document shall become part & be included within the terms of contract for the works quoted.
18. Photographs: We reserve the right to take photographs for our use in house and in publicity.
19. Rate published on our website can change at any time and only is a price confirmed once an order is confirmed by us in writing.
